

Welcome to HappyReviews!

Hi there!

Thank you for showing interest in **HappyReviews** – we're thrilled to help you turn your happy customers into **5-star Google reviews** with ease!

To get started, we have a simple onboarding process designed to make things as smooth as possible for you.

Onboarding Process Overview

To integrate HappyReviews with your business, we'll help you set up a WhatsApp-based review flow where only **truly satisfied customers** are directed to leave a **Google review** – boosting both trust and reputation.

Pre-Requisites to Get Started

Here are the 4 key items needed to initiate your onboarding:

1. **Meta Business Account**
2. **Meta Developer Account**
3. **Business Phone Number**
(Must not be actively registered on WhatsApp – we'll use this to connect your bot)
4. **Your Google Review URL**
(We'll redirect happy customers here after they click "Satisfied")

Optional:

- Your **Instagram URL** (if you'd like it included in your review flow)
-

Don't Have These Yet? No Problem.

Even if you don't have one or more of the above – **no worries at all!**

Our team will assist you in setting up everything step by step, so you don't have to worry about the technical details.

We're here to make the process easy and stress-free.

Estimated Onboarding Time

The complete onboarding typically takes between **2 to 7 working days**, depending on how quickly the necessary approvals are granted by **Meta** (for business verification and phone number approval).

Let's Get Started

We're excited to have you on board with HappyReviews!
